

CIVL 2020 PLENARY – ANNEXE 32A JURY & STEWARD COORDINATOR PROPOSAL – JURORS’ STIPENDS
--

Issue and Discussion:

Jurors play a central role in our championships.

First, in case of protest.

Second, because, in agreement with the Meet Director, they may get involved in the running of the event by assisting in administrative or practical matters during the event as long as that assistance does not involve matters that could potentially be the subject of a protest or have influence on the results of the competition.

At CIVL, the extent of the involvement of the jurors includes, but is not limited to:

- Checking Sporting Licences and eligibility of pilots.
- Writing team leaders’ meeting reports in liaison with the Meet Director and the Steward.
- Handing out live-trackers.
- Helping organise the take-off lines.
- Assisting with media work, including event reporting for the FAI website.
- Following financial matters.
- ...

We believe that the Jurors’ position requires professional skills and as such should be rewarded.

Proposal:

Section 7 Common says:

11.1.6 Funding of Jury and Stewards

11.1.6.2 By CIVL

CIVL is responsible for payment to the steward at 1st Category events and authorised test events of €100 per scheduled competition day, up to a maximum of 16 days, including up to two days prior to the start if the event.

Replace by:

Section 7 Common says:

11.1.6 Funding of Jury and Stewards

11.1.6.2 By CIVL

CIVL is responsible for payment to the steward at 1st Category events and authorised test events of €100 per scheduled competition day, up to a maximum of 16 days, including up to two days prior to the start if the event.

CIVL is responsible for payment to the jurors at 1st Category events of €50 per scheduled competition day.
