

PROPOSAL TO IGC PLENARY 2013
Year 1

Proposed by IGC Bureau

It is proposed:

To delete the Finish Line as a finish option and to always use the Finish Ring.

This Proposal affects:

Sporting Code Section	– None
Annex A Rule	7.7.1 7.7.2 8.7

Reasons supporting the Proposal:

The Finish Ring - in combination with a suitable minimum altitude for crossing - has proven to be a safe way to finish a flight as it allows the pilots to slow down and concentrate on the landing procedures and other sailplanes once the ring has been crossed. It also makes high speed / low level finishes a thing of the past as there are no more points to gain after entering the finish ring.
