### 4th FAI/ IPC Canopy Formation Web Competition

The Web Challenge participation was down for the second year in a row. There was not a title sponsor this year. However, Ismal Fouad Darwish The Delegate from Egypt generously donated the medals and they will be handed out at the IPC meeting. At the Competitor Meeting, which was held at the WPC in Russia, it was expressed that they would like the Web Competition to continue. They had two suggestions to increase participation in 2011. 1) More advertisements and reminders would be appreciated. 2) More user friendly method of accessing information on the website. The CF Committee will address these suggestions and other ideas with the hope of turning the Web Competition around so that it is a successful competition in 2011.
