FAI/ CIAM Positions:
Subcommittee Chairman
F3 Radio Control Aerobatics

Delegate to Germany

Harsdorf, November 20, 2017

CIAM Subcommittee F3 Radio Control Aerobatics Report

The new F3 RC Aerobatics Subcommittee was established immediately after my election at the 2017 Plenary Meeting. Actually we have 23 members. Within the new Subcommittee Working groups for F3A, F3M, F3P Organizing Events and Scoring Software were implemented to have real expert groups with a wide base of knowledge for the specific items. The new Subcommittee and the Working Groups worked actively and in a very cooperative way during the last six month.

- Discussions about some new rules, accepted by the 2017 Plenary Meeting
- Successful votes about Scoring Software Clarification
- Successful votes about remaining F3P AFM within F3P
- Successful votes about awarding the Asian-Oceanic Championship to Philippines
- Developing new rule draws for F3P (Pattern) and F3P AFM
- Reflecting about amending current rules
- Providing Judges presentations for 2018/2019 F3A and F3P schedules
- Support for the 2017 F3A World Championship in Argentina and for the upcoming Continental Championships 2018 (Philippines, Belgium)
- Support for the awarding of the 2019 and 2021 F3A World Championship
- Various spot meetings with subcommittee members and working group members during the 2017 F3A World Championship and on the occasion of numerous F3A World Cup events.

The 2017 F3P World Championship in Strasbourg/France was a well organized and beautiful event appreciated by competitors and officials.

The F3A World Championship in Argentine was a successful event, too. All rounds could be performed despite of really difficult weather conditions.

For further details, please refer to the respective Jury Reports.

Thanks to all people who supported me.

A handwritten signature in blue ink, appearing to read 'Peter Uhlig'. The signature is written in a cursive style with a large initial 'P'.
