

WORLD RANKING LIST in HOT AIR BALLOONING

calculated for April 2002

The World Ranking List was first established in 2000. Its purpose is to show a ranking of the top world hot air balloon pilots. The list is established by a calculation formula that includes the results of the World Championships, the World Air Games and to minor effect the competitor's national ranking position. The list is updated whenever new results of the World Championships or the World Air Games are available.

A service by the Competitors Subcommittee of the CIA / FAI.
