In the Chair: BJ Worth, IPC President

The FAI was represented by Max Bishop, FAI Secretary General.

1. WELCOME AND ROLL CALL

President Worth opened the 54th Plenary meeting of the IPC at 10:00, Monday, 3 February 2003.

CBPq President Mr. Adelson Juliao welcomed the IPC Delegates and officially opened the meeting.

1.2 After the address, IPC President Worth asked the Plenary to stand for a moment of silence in memory of the skydivers who died while pursuing their sport in 2002.

FAI Secretary General Max Bishop conducted the roll call of Delegates, including apologies for absentees, approval of proxies, and verification of Delegate's authority.

The Delegates' address list was circulated for its annual update, and will be sent to all IPC Delegates.

2. CONFIRMATION OF MINUTES

Minutes of the 53RD IPC Plenary meeting held in Lausanne, Switzerland, 26-27 January 2002, were approved with three changes, and will be published on the FAI/IPC website.

- 2.1** Ms. Sara Sacchet, (Del. Italy) requested that the Roll Call show Italy had the right to vote at the 2002 Plenary. The proposed text is "The Delegates from Portugal ~~and Italy~~ were present without voting rights."
- 2.2** Dr. Exi Hoenle, (Del Germany) requested that the text on 6.2 of the 2002 Minutes be changed to accurately reflect what happened regarding this point. The proposed text is: "The FAI Controller of the World Air Games, Dr. Exi Hoenle, did not comment on his written report, as no questions were asked by the Plenary."
- 2.3** Because Mr. Graetzer was awarded the FAI Gold Parachuting Medal in 2001, reference is deleted from the minutes.

3. 95th FAI GENERAL CONFERENCE - FAI ACTIVITIES REPORT

FAI Secretary General Max Bishop presented an overview of FAI's activities in 2002, the results of the 95th FAI General Conference held in Dubrovnik, Croatia, 7-13 October 2002, and FAI's plans for 2003. He reported that the FAI had decided to continue conducting the WAG, but with a different format. Monday, 3 February, was the inauguration of the new bidding process, via the FAI website.

4. PRESIDENT'S ADDRESS

4.1 President's Report

IPC President Worth commented on his report of IPC activities in 2002, as presented in the Agenda.

4.2 Decisions by the Bureau

IPC President Worth presented his report on the work conducted by the Bureau since the last Plenary meeting (Agenda Annex 2 and 2A). The Plenary unanimously ratified all the decisions by the Bureau.

WAG 2001 - Spain

The IPC took note of the fact that the Spanish NAC contested the 2002 IPC decision to retain \$38,428.68 of WAG 2001 entry fees, in accordance with the Sporting Code, paragraph 4.1.1. Negotiations had failed to achieve any resolution of the dispute, and the responsible Spanish government agency (Consejo Superior de Deportes) was taking an active interest in the fact that FAI/IPC was retaining WAG entry fees. IPC accepted by a vote of 27 to one the IPC Bureau's recommendation to agree to an amicable settlement, under which IPC would transfer to Spain 50% of the amount retained, in full and final settlement of the dispute. The FAI Secretary General agreed to ensure that a suitable legally approved document would be drawn up to confirm the Spanish NAC's acceptance of this settlement. The money will be transferred to Spain as soon as this document is signed.

President Worth reported that a message had been received from FAE President Antonio Quintana reading as follows: "As a sportsman, I formally apologize to all parachuting competitors for each and every problem or inconvenience that you suffered in Granada, while as WAG 2001 General Manager. I personally assume all the blame for the problems encountered."

The Plenary received this gracious statement with acclamation and President Worth said that this marks the beginning of a new era.

4.3 Mission Plan

IPC President Worth presented his report on the status of the IPC Mission Plan, and its projects. Although Srecko Medven is no longer the delegate from Slovenia, he has committed to continue serving the IPC by assisting with developing the ranking system. Problems with the technical system preclude accepting bids for new system at this time.

4.4 Asiania

Max Bishop reported on talks with IPC Delegate Mr. Lee Jong Hoon (Korea), Asiania President, and Faye Cox (Australia), Asiana Secretary General. Asiania is an organisation that organises sport competitions in the Asia-Oceania-region that include parachuting competitions where some of the participants are members some are not members of IPC. It was clarified and agreed that the President of Asiania, being the IPC Delegate of Korea at the same time, will pursue the interests of IPC in Asiania competitions.

Graeme Windsor (Del. Australia) moved to accept a Memorandum of Understanding between Asiana and FAI/IPC (Annex A), which was approved unanimously.

5. WORLD GAMES

- 5.1** WAG/WG Liaison Officer Pål Bergen reported on the further developing relationship of the World Games within the Olympic movement, and how canopy piloting is to be included. Russia expressed their concern that Canopy Formation is not included in the 6th World Games, to be conducted in Duisburg, Germany, in 2005. Dr. Rainer Exi Hoenle, IPC Technical Delegate Airsports for the Duisburg World Games, reported several times that the World Games would not negotiate which skydiving events would be included. The World Games invited canopy piloting by event and Max Bishop agreed with Dr. Hoenle's opinion that negotiations for adding other events or disciplines were impossible.

Russia asked that a vote be taken of the Plenary directing the FAI/IPC representatives to negotiate with the IWGA for more slots, which would allow the inclusion of canopy formation.

Motion failed - 9 for, 14 against, 5 abstained

5.2 World Cup of Canopy Piloting

A temporary working group was established to consider the bid from the United States to conduct a world cup this year in the United States. The WG included Thomas Tuominen, chair (Del. Finland), Liam McNulty (Del. Ireland), Graeme Windsor (Del. Australia), and Knut Ekerhovd (Alt Del. Norway).

Marylou Laughlin (Del. USA) introduced the bid. Organizer Scott Smith of Perris Valley Skydiving Center, and Jim Slayton and Lyle Presse of the Pro Tour, presented the bid. Concern was expressed about the qualification rounds necessary for each competitor to continue in the event. Several changes were discussed and agreed to by the Plenary to accommodate the qualification rounds, including raising the entry fee by \$100.

Graeme Windsor (Del. Australia) moved that the IPC accept canopy piloting as a competition discipline. Motion passed - 24 for, 0 against, 5 abstained

Discussion ensued about the title of Go Fast World Cup of Canopy Piloting and sponsorship rights for FAI/IPC events. USA agreed to remove "Go Fast" from title with the understanding that the \$10,000 prize money would also be removed. It was agreed that title sponsorship rights would be negotiated at the time of signing the contracts with all parties.

Graeme Windsor (Del. Australia) moved to accept the bid presented by the USA, as the IPC Go Fast World Cup of Canopy Piloting, except proposed chief judge Karine LeBlonde. Motion passed - 16 for, 1 opposed, 9 abstained

Silvia Wagner (Austria) was approved unanimously as Chief Judge.

By unanimous vote, Dr. Rainer *Exi* Hoenle (Del. Germany) was appointed FAI Controller. Discussion revealed the need for someone to ensure the appropriate contracts were signed and Dr. Hoenle accepted the obligation.

6. OLYMPIC GAMES

- 6.1** President Worth reported on the status of parachuting in the Olympic Games. The FAI's Olympic bid brochure and final Event Specifications for 2008 were made available to all IPC Delegates. There was discussion about how canopy piloting was included in the brochure.

Mr. Lee Jong Hoon (Del. Korea) proposed that the IPC express its strong support for the inclusion of parachuting in the 2006 Asian Games in Doha, Qatar, in the form of a petition, signed by all IPC delegates, on behalf of their NAC. The IPC agrees that Mr. Lee Jon Hoon may use this petition to assist in discussions and negotiations with the Qatar AOC and other Asian AOC committee members.
Passed unanimously

- 6.2** Richard *Buzz* Bennett (Del. Canada) led a discussion on the IPC's involvement with the Olympic Games. It was noted that Parachuting would not be part of the 2008 Olympic Games by reason of the fact that it did not "attract sufficient revenues, spectators and TV exposure". Several Delegates expressed the view that IPC should continue to keep parachuting in front of the IOC and potential organisers, without expenditure of funds, on the basis that there was nothing to lose and much to be gained. The Plenary Meeting indicated, without any formal motion or vote, that the present path is positive and that IPC should continue to pursue the goal of Olympic inclusion, without any allocation of resources other than time.

7. WORLD AIR GAMES

7.1 Future World Air Games

IPC President Worth, Executive Chairman of the FAI WAG Coordinating Committee, presented and discussed the WAG Structure Document, which includes the concept, proposed event organizers, program, competition events, schedule, bidding procedures, etc. for future FAI World Air Games. Russia and France complained about the proposed format and the confusion regarding the different categories, which, in their opinion, could be interpreted as looking like the IOC and WG programs. Patrice Girardin (Del. France) manifested his disapproval and asked to go back to the Committee Chairs for a determination on the format and number of participants acceptable for the WAG. Pål Bergen came back later with a format accepted by the Committee Chairs.

7.2 WAG / WG Liaison Officer Pål Bergan briefed the Plenary on the development of the future World Air Games as it relates to the IPC.

8. **IPC MEDIA ACTIVITIES**

President Worth proposed that Leanne Knowles, IPC Media Liaison officer, be included on the staff of the 1st Parachuting Mondial in France this fall. Patrice Girardin (Del. France) has agreed to propose the idea to the organizing committee.

9. **FINANCE WORKING GROUP**

IPC Treasurer Richard *Buzz* Bennett (Del. Canada) presented his report and discussed several specific budget figures for 2002.

The 2003 Budget was presented to the Plenary. At the request of Ronald Overdijk (Del. Netherlands), the budget was changed to allow for payment of \$2,200 to the FAI for their expenses in creating the FAI Olympic bid brochure. The financial accounts were unanimously approved.

A discussion was held as to whether IPC should hold its accounts in US dollars, Euros or CHF. Max Bishop advised that FAI has yet to make up its mind as to Euros or CHF. As a result the IPC Treasurer proposed that the accounts remain in US dollars until such time as FAI has made a definite decision. This proposal was accepted without debate.

ANNEX A

MEMORANDUM OF UNDERSTANDING BETWEEN FAI AND ASIANIA

Background:

For some years, the Asiania Parachute Federation has been promoting international events in the Asia/Australasia area, and has been successful in helping the development of sport parachuting in several countries which had not previously competed at international level.

The FAI/IPC recognises the very positive contribution Asiania has made to the development of Asian sport parachuting and wishes to work more closely with Asiania to carry this development forward to even higher levels.

Both FAI/IPC and Asiania acknowledge that there have been failings on both sides. For example, FAI/IPC has until now not played an active enough role in promoting sport parachuting in Asia, and Asiania has not respected the copyright on the FAI Sporting Code, and has allowed non FAI-member countries to participate in international events.

Both parties are enthusiastically committed to resolving these problems and forging a new and positive relationship in the future. The purpose of this document is to set out an agreed plan of action for the next 4 years.

Agreement:

Following discussions that took place at Fortaleza, Brazil, the two parties agreed as follows:

Asiania hereby confirms that:

1. FAI/IPC is the sole world authority governing sport parachuting, and is recognised as such by the International Olympic Committee. Any contacts with Olympic authorities on the part of Asiania officials must therefore be co-ordinated with and made in the name of FAI/IPC.
2. The FAI Sporting Code is a copyright document which is the result of much hard work and financial investment carried out over a period of many years. It may therefore be used only with the permission of FAI/IPC.
3. It will take steps to ensure that Asiania countries are represented by properly constituted, legally recognised entities, and that these entities join FAI at least as Temporary Members in the near future. (*Competitors from countries that do not have such an entity may compete as individual guests only, not as representatives of their country.*)
4. On achievement of paragraph 3, Asiania will make a formal application to become an International Affiliate Member of the FAI.
5. It will work in good faith towards achieving IPC sanctioning for Asiania events to be included on the FAI Sporting Calendar.
6. It will ensure that the President of Asiania is always either a national delegate to IPC, or a person who has been approved by the FAI Member organisation in his country of origin to act in this capacity.

FAI/IPC confirms that:

1. It will when necessary create a competition region embracing the Asia and Australasia areas covered by Asiania.
2. IPC Judge Training and Certification courses will be conducted at Asiania-organised events under mutually agreed arrangements.

3. IPC will recognise as national judges (for the purpose of subsequent qualification as IPC International Judges) suitable people trained by Asiana in countries that do not have the necessary structures for the training of judges at national level.
4. IPC will provide coaching and support, at Asiana events, under mutually agreed arrangements, for example by encouraging elite competitors and technical staff (eg videographers) to participate as "guests".
5. IPC will review its Sporting Code with the intention of producing a simplified version with fewer constraints (eg no FAI Controller, fewer judges, or jump rounds) that can be used in Asiana events. In the meantime, FAI/IPC authorises Asiana to use extracts from its existing Sporting Code, giving appropriate acknowledgement of the source.
6. FAI/IPC will empower the President of Asiana to speak to relevant authorities on behalf of FAI/IPC in the promotion for the inclusion of sport parachuting in the Asian Games 2006.
7. IPC will invite the President of Asiana to report annually to the IPC plenary meeting.

This agreement will remain in force until 31 December 2006 and progress will be reviewed annually at the time of the IPC meeting. On expiry of the agreement, both sides will meet to consider how to proceed. Either side may withdraw from this Memorandum of Understanding by serving 3 months notice.

Signed:

For FAI/IPC:... IPC President & FAI Sec Gen

For Asiana:.....Jong Hoon Lee, President & Faye Cox, Sec Gen.

Date: 02 February 2003
