

## Annex 17

### Proposal submitted by Germany:

REFERRING TO SPORTING CODE, SECTION V PARAGRAPHS

#### 4.3.6. Lodging, Food and Transport.

In order to ease the requirements for an organiser of an International Sporting Event, and to open the possibilities to bring in a bid for a competition like a "World-Cup," I propose to change the wording of para 4.3.6 (for offering bids to host such an event) to:

4.3.6.(1) ADD: This applies to a First Category Events as in SC GS 3.5.1.1.. ( *Meaning: it is necessary for World-Championships*)

Accompanying persons of a team, in addition to the number authorised by the Competition Rules, need the approval of the Organiser to be included into these services.

4.3.6.(2) CHANGE to: At First Category events other than in SC GS 3.5.1.1, the Organizer may provide such services on its own discretion, but is responsible for providing all the competition infrastructure needed for running a skydiving or parachuting competition.

Dr. Rainer Hoenle
