Competitions in 2011

- 5th FAI/IPC Canopy Formation Web Competition

5th FAI/IPC Canopy Formation Web Competition

Despite the competitors wish to continue this competition, and increased efforts of the committee to advertise the event, and make the competition more user friendly, and attractive, the participation level continues to be low with only three teams submitting entries.

The Web Competition was without a sponsor this year, however the Committee would like to acknowledge the generous donation of medals provided by Ismail Fouad Darwish, the Delegate from Egypt.

The CF Committee would also like to thank Elisabet Mikaelsson , the chief judge, and all the judges for volunteering their time to support the 5th FAI/PC Canopy Formation Web Challenge. The Committee would also like to thank Susan Dixon for her continued work and support with information about the Web Competition on the IPC website.

While I have only been in the position of Chair for a short while, I would like to show my appreciation and thank the members of the Canopy Formation Committee for their work throughout 2011.

Members: Marylou Laughlin, Barry McAuley, Henny Wiggers, Ismail Fouad Darwish, Bernard Nicolas, Susan Dixon, Julia Sotnikova, Pia Bergren, Pasi Pirttikoski.
