DATE	IBD No.	SUBJECT	DECISION
19/03/2025	2025/03	<p>Wingsuit Competition Rules Clarification</p> <p>The wingsuit Committee has requested that the following line be added to the Addendum D of the Wingsuit Competition Rules 2025 Edition;</p> <p><i>“If the wingsuit span measurement (B) plus winglet height (F, doubled, if applicable) exceeds the competitor’s arm span (A) then that wingsuit may not be used in competition.”</i></p> <p>It is important to reiterate that this is not a new competition rule. it is including into the Competition Rules what is stated in the definition of a wingsuit in Sporting Code Section 5, Paragraph 1.1.2.16. This clarification of the definition will be in the same section of the Competition Rules that deals with the Wingsuit measurements.</p>	<p>The ISC Bureau has taken the decision to issue an IBD to clarify and align the Wingsuit Completion Rules with the Sporting Code Section 5 and thus avoiding misinterpretations.</p> <p>A version 2 of the Wingsuit Competition Rules 2025 will be uploaded on the FAI/ISC Documents page.</p>
