

Presentation for

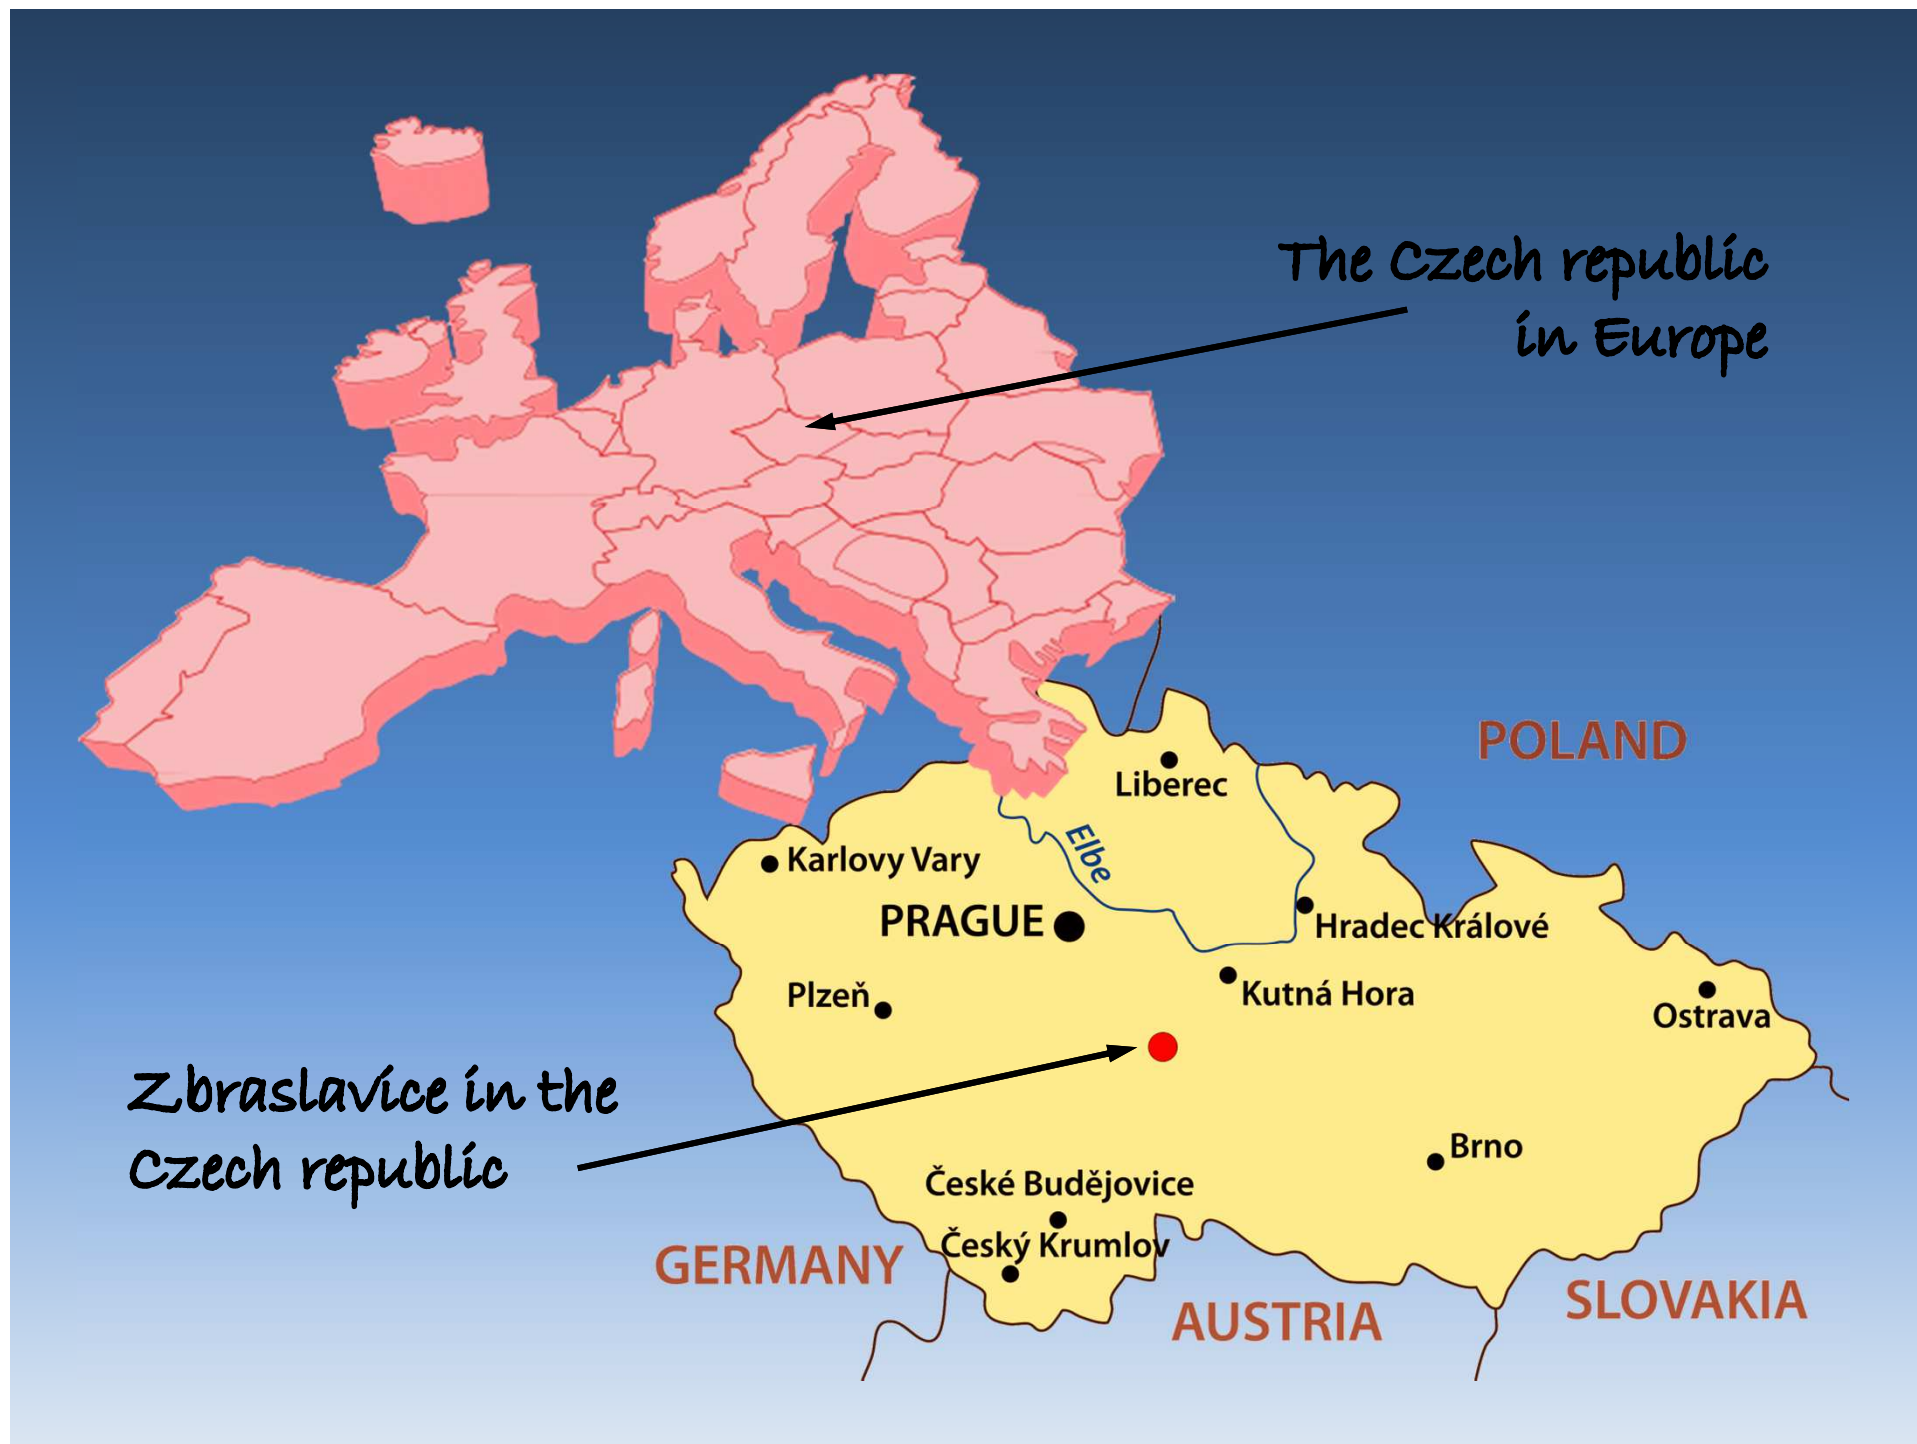

9th FAI Women's World Gliding Championship 2017

Aeroclub Zbraslavice
Aero club of the Czech republic

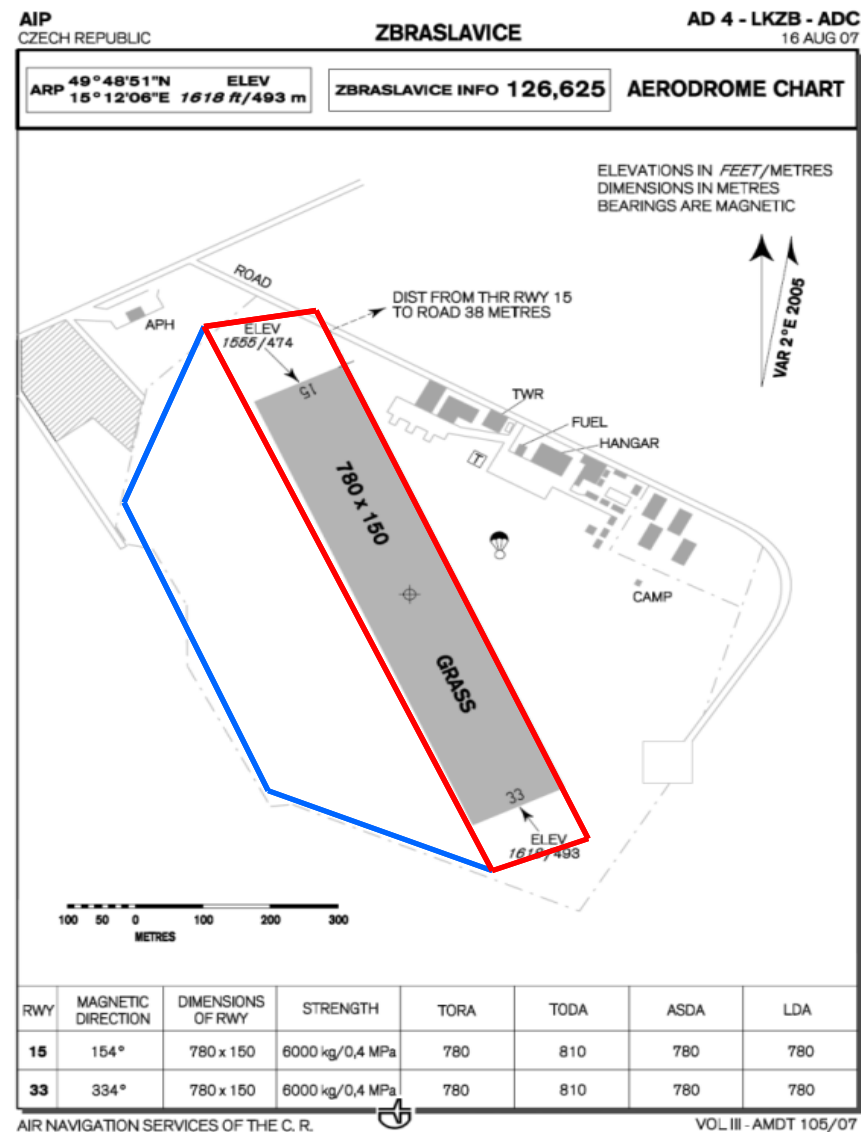

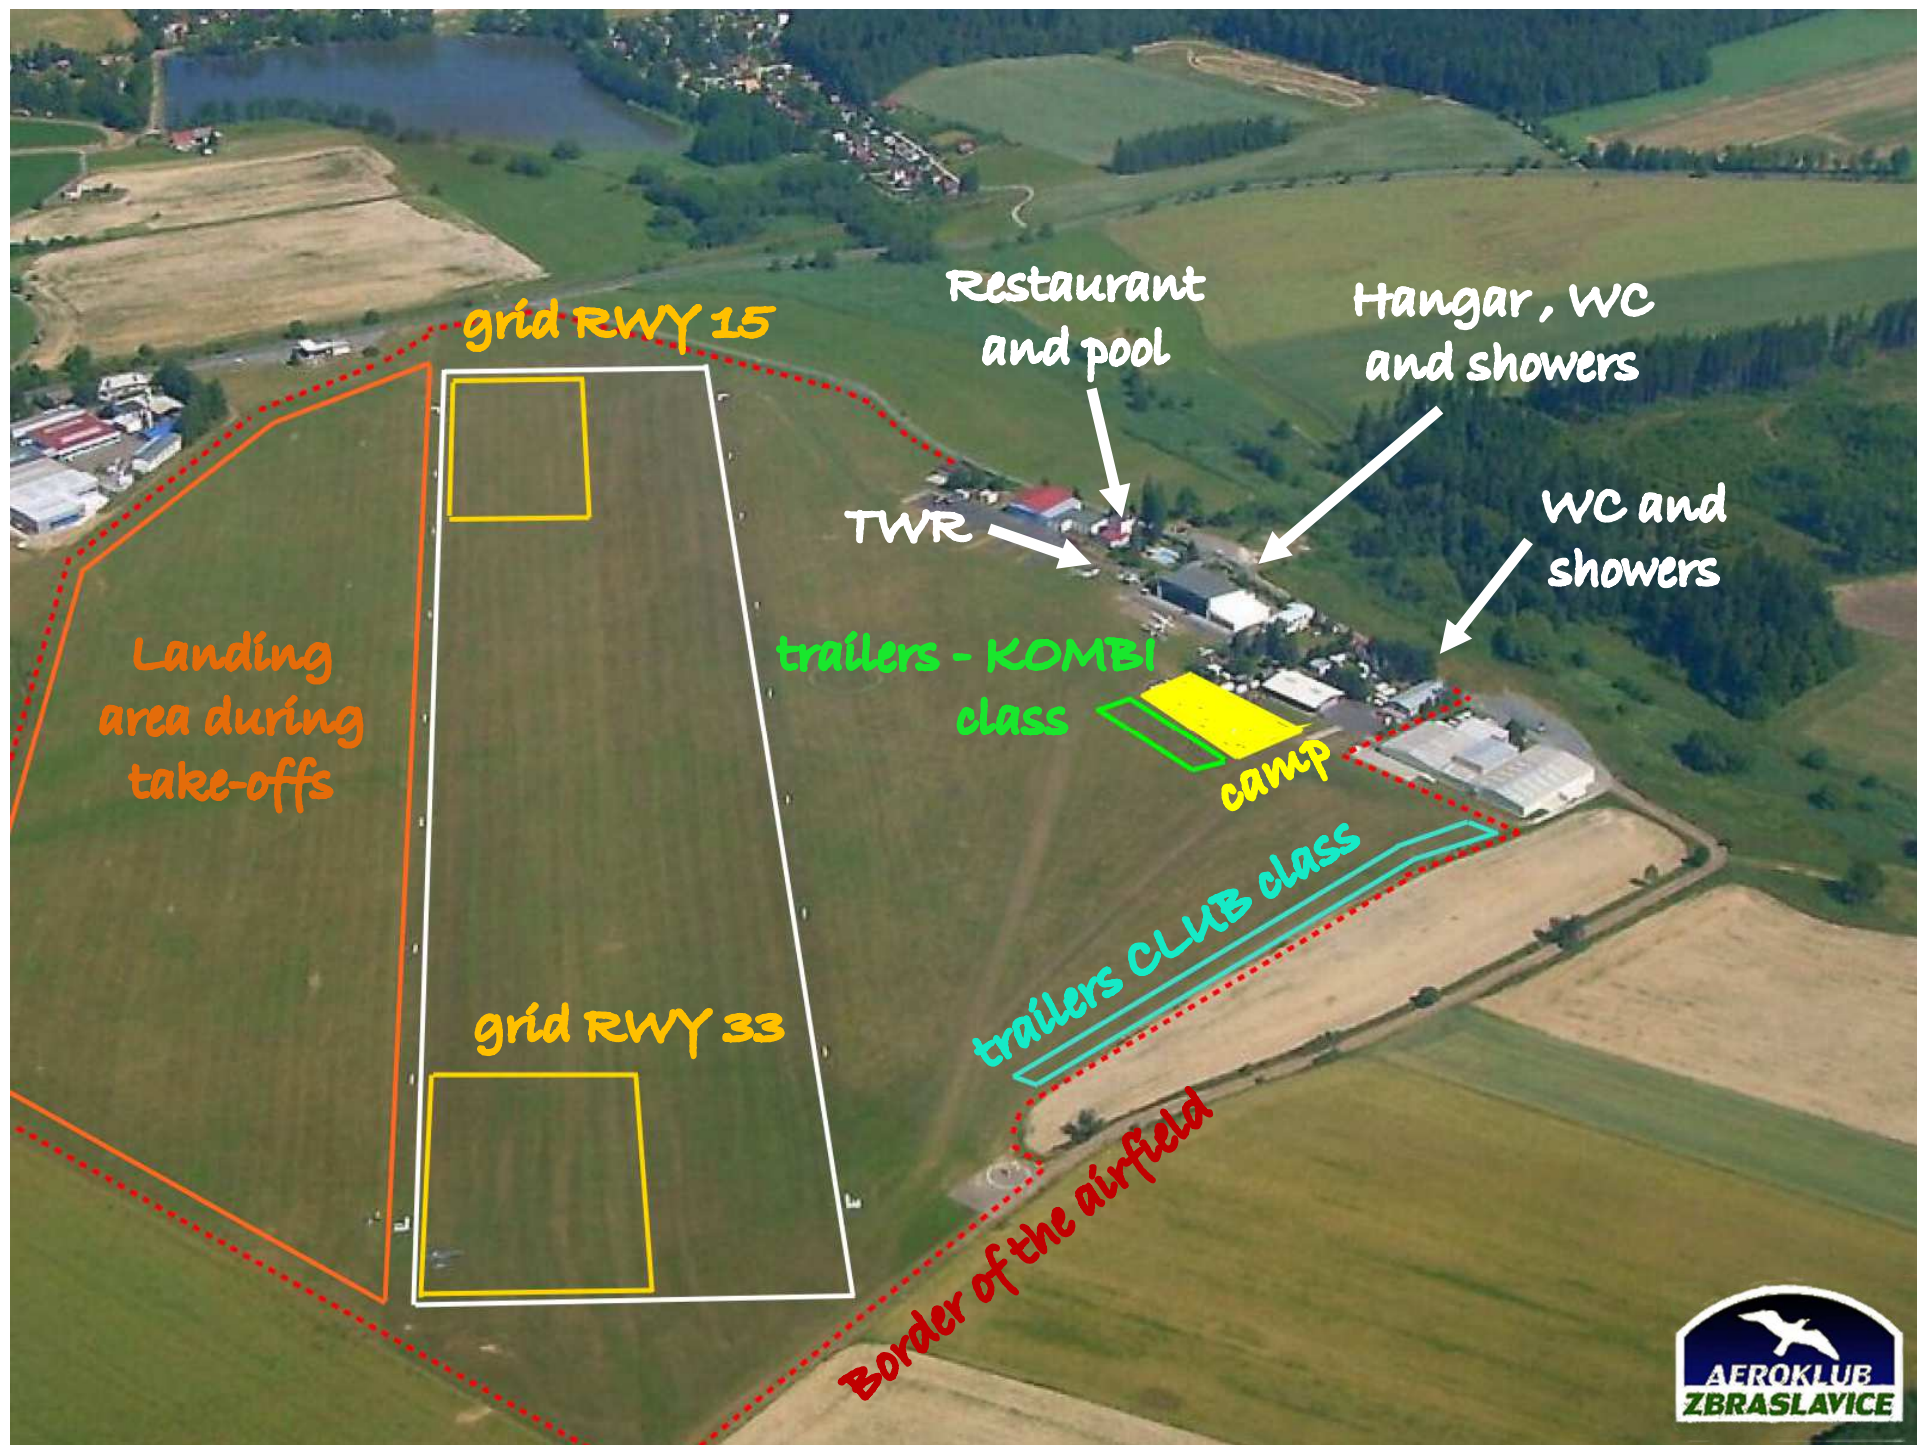

Aeroklub Zbraslavice has been honoured by the FAI
for development and support of gliding

ZBRASLAVICE - MAP OF THE AIRFIELD

ZBRASLAVICE - PHOTO OF THE AIRFIELD

In 2008 we organized Czech national championship of the Czech regions, where 90 pilots competed.

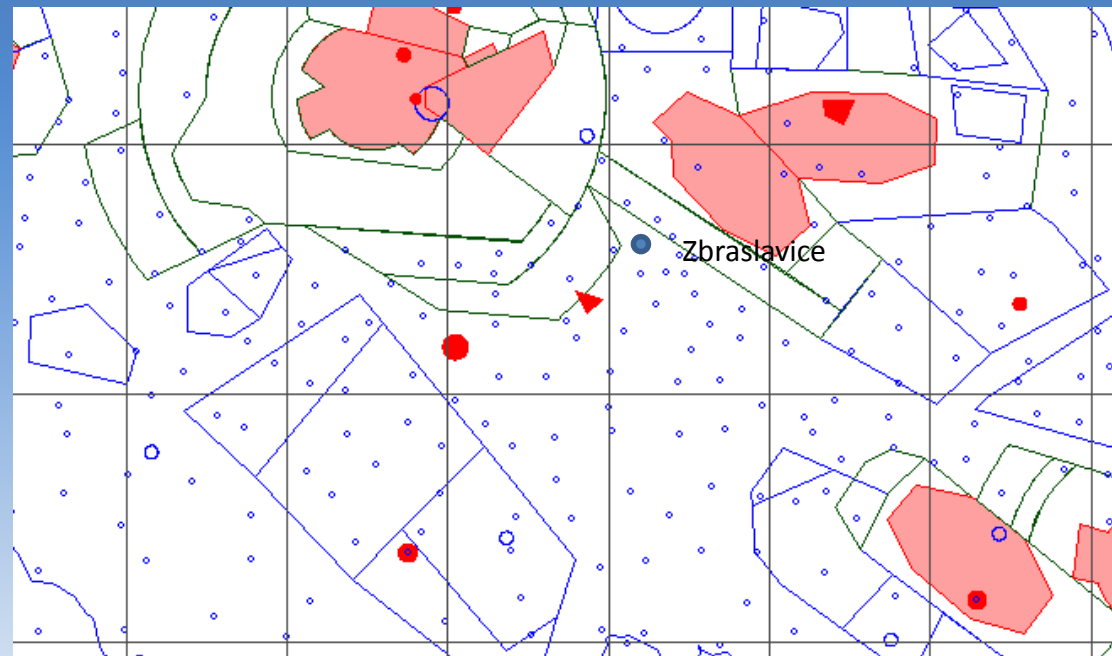

AIRSPACE

The airfield is on the border of MTMA Caslav and close to TMA Prague. There are usually no restrictions during gliding competitions by either military or civil aviation. All military training areas are released for glider pilots up to FL95. TMA Prague close to the airfield is at FL75 (1800m AGL), resp. FL65 (1500m AGL), which means no significant competition obstacles.

The area used for cross-country flights provides enough space for tasks – up to a 1000km triangle and easy separation between classes.

We also use part of Austrian, German and Polish airspace, which makes the usable area much larger.

CROSSCOUNTRY FLIGHTS IN 2010

Využití vzdušného prostoru ČR plachtaři v období od 1.3. do 30.9.2010

Summary of IGC files for all registered crosscountry flights in 2010

LKZB is situated in a busy gliding area, which is often sought after by glider pilots from all over the Czech republic.

ZBRASLAVICE AND SURROUNDING LANDSCAPE

- Zbraslavice airfield (LKZB is located in Hornosazava rolling hills (496m ASL), part of Czech-Moravian highland.
- South of the airfield there is a water reservoir Želivka.
- The surrounding hilly landscape → suitable conditions for the development of thermals already during morning hours.
- In the northwest direction, Polabska lowland and the Giant mountains together with Jizerske mountains can be found.
- To the south and the east, there is Czech-Moravian highland (600m ASL) - an important gliding area.
- Northeast - Iron mountains (a distinct range enabling slope gliding)
- Southwest - rolling hills area near Benešov city
- Many different terrain shapes within quite small area
- Tasks usually oriented southeast and east towards Czech-Moravian highland
- Average climb speed up to 2-3 m/s with reach 1300-1800m in the lowlands, in highlands climb speed 3-5 m/s
- Safe outlandings (Czech republic is surrounded by mountains not more than 1600m high)

AIRFIELD FACILITIES

Accommodation: 11+20 beds in 2-3 bed rooms
Toilets and showers are in the back of the hangar and new reconstructed showers are near the camping site.

Caravan (RV) camp and camping site supplied with electricity.

Swimming pool with wadding pool for kids are near our local aeroclub pub „U Vrtule“, which offers breakfasts, lunch and dinner as well. There is children's playground at the airfield near the camping site.

Service facility: Mr. Miroslav Manda

Glider constructing company: Hptt Kutná Hora

ABOUT THE AIRFIELD AND AERoclub

- The airfield was founded in 1933
- Aeroclub Zbraslavice founded in 1945
- Gliding was on rise in the 50's and 60's
- First gliding competition was hosted by LKZB in the 80's
- First international competition in the 90's

ZBRASLAVICE AND ENVIRONS

Historical sites: Kutná Hora (17km from LKZB), Žleby Chateaux (25km), Český Šternberk castle (25km), Prague (75km), the airfield is just 15km far from D1 highway connecting Prague and Brno.

The surrounding of the airfield is well-known for its hiking and cycling trails.

Hospitals: Kutná Hora, Kolín, Čáslav
