GPS coordinates : 49.33993 N, 21.14800E

MOTORS

At the competition, the following motor manufacturers will be used: Jambol Jet (Bulgaria) and Ultra Energy Link (Serbia).

The available motor types with specifications of each motor type and the corresponding price lists can be found on the manufacturer's websites can be found at the following link:

<https://www.spacemodeling.rs/downloads/motor-specifications-jambol-jet.pdf>

<https://www.spacemodeling.rs/downloads/motor-specifications-ultra-energy-link.pdf>

Each competitor shall specify the required quantity and motor type of the required motors when contacting the producers, who will bring the motors to the competition. **Place the motor order well in advance (so the manufacturers have time to produce enough quantities), best 6weeks!**

The preliminary end of the entry form is June 15, 2024.

For category S7: Beside the above listed motors, it is possible to use motors of certified manufacturers Estes, Aerotech and Klima. Motors must be in a factory-sealed package with an appropriate certificate confirming the type and characteristics of the motor.

During registration, motors for the S7 category must be handed over to the organizers so that they are safely stored in the box for the given category. Motors will be issued before the start of the first round.
