Scholastic Accomplishments and Educational Plans (please list & continue on a separate sheet if necessary):

I'm studying in Kerttuli Upper Secondary School in Turku, Finland. I'm in the ICT track, which is to educate future's professionals of information technology and media. My school and its' ICT track function in close interaction with higher education institutions and business life.

My biggest dream is to become a commercial pilot, so I want to apply to Finnish Aviation Academy. In a case I can't get in I would like to go to university to become a handicraft teacher or start studying physics in university.

Aeromodelling Achievements up to the age of 21 (for example World or Continental Championships, National Championships, World Cups, Records, Technical Innovations. In the case of competitions, include the name, date, and location of each competition, the class and the position achieved.) (Please list & continue on a separate sheet if necessary.)

Radio control aerobatics F3A Sportsman class, national cup: year 2020 the 6 th place, 2021 gold medalist, 2022 silver medalist. Radio control aerobatics F3A Advanced class, national cup: year 2023 the 5 th place.

I have been writing articles about aeromodelling for Finnish Aeronautical Association's Iltailu-magazine since I was 14 years old. The main idea is to tell readers, what kind of aeromodelling competitions we have in Finland, let model pilots tell their stories and introduce new technical innovations. I write 5-10 articles every year.

Personal Statement: What role did Aeromodelling play in your life and what are your aspirations for the future? (One page to be written in the Nominee's own hand and attached to this form. If written in a language other than English, then please attach a typed translation as well as the hand-written original.)
