- The task catalogue will be based on FAI regulation rules.
- To limit our impact on environment, number of tasks will be based on endurance. We will have limited high speed tasks.
- Safety will be our motto with a medical team on site during the whole event.
- FLYMASTER's Loggers will be used.(Primary)
- ACOL : Used for several years in France, for regional and national competitions (ClassicClass) has long experience in a sportive context. Fully adapted for FAI Tasks Catalog, with a fast and reliable scoring system.
- Export to a dedicated website, access for each team leader for their own results of tasks.
